

This Vendor Validation Acceptance is between the below two companies:

Oracle Hospitality Italy
Via Montefeltro, 6/A
20156 Milano (MI)
Italy

GT2F
485, avenue Jean Prouvé, Ville Active
30900 Nîmes
France

The vendor interface **GT-HOSP PMS Link** for OPERA version 5.0.04.02 has been validated between Oracle Hospitality Italy and **GT2F** as of **25 November 2016**

We hereby confirm that the above interface has been validated as per the **FIAS** specification in accordance with the validation document submitted at time of partnership agreement execution. The interface receives our acceptance approval for handling of the functionality as defined under the below guidelines regarding.

How is your interface identified by Oracle?

Product ID (FKT)	Description / Product Name
FIAS_GTH	GT-HOSP PMS Link - GT2F

What Versions are available / compatible for Installation?

PMS Version	Vendor Version	FIAS Version	IFC8 Version
5.0.04.02	1.0.1.1	2.20.9	8.10.1.11

Connectivity / Protocol

TCP/IP Serial HTTPs HTTP
 File export

Note – For production PMS installations where connectivity is TCP/IP, component of vendor partner system (which communicates with PMS) must be located at the property (where the hotels PMS interface PC resides). Where the connectivity is via HTTP the vendor system which communicates with PMS must be located in the same network location as the PMS database server. Communication across the internet in either case is not supported.

Validated Functionality

- » **Guest Data:** Guest-In (Guest Oriented), Guest-out (Guest Oriented), Guest data change, True room move, Class of Service - from PMS to Vendor.

Previously Validated Functionality:

None

Non-Validated Functionality:

None

Work to be completed:

None

Special Notes/Comments:

Please note that this FKT Logo, to be properly activated, requires the following PMS versions or above:

- V5.0.03.03 E43
- V5.0.04.01 E24
- V5.0.04.02 E17
- V5.0.04.03 E10
- V5.0.05.00
- Suite8 - V8.9.6.10

Validation Process Sign Off

The parties hereby agree that

1. The functions that are selected in this document are the only ones that will be validated for use by Vendor
2. Should the Vendor decide to incorporate any function not selected or defined in this document, a re-validation will be required and would be handled as indicated in the partnership agreement at the daily rate of \$2,500 per day
3. Upon completion, the specified interface will be ready for Beta and/or Monitored Pilot installation. A validation acceptance document must be signed by both parties prior to Beta/Pilot installation.
4. Upon completion of three (minimum) successful Beta/Pilot installations, that have each been monitored for no less than 30 days and no less than 14 days between each installation(unless otherwise approved by Oracle), and no major issues are reported, the stated interface will be available for general release. An interface release document will be signed by Oracle and forwarded to the Vendor
5. Validation has been completed against **OPERA** version: v5.0.04.02. Further this validation is backwards compatible to **OPERA** version: v5.0.04.01 and above.
6. By signing below, both parties hereby agree to the terms stated in this document.
