

GT-PREPAID

The innovative solution to control telecom costs !

Dedicated solution for
Alcatel-Lucent OXE

The screenshot displays the GT-Prepaid web interface for a site named 'OXE'. It includes sections for 'GENERAL' settings, 'LAST IMPORT DATA', 'CREDITS SUMMARY', 'CALLS SUMMARY', and a 'Site's directory' table.

CREDITS SUMMARY			
Initialized	Used	Remaining	Ext. with no more credit
2,00	29,58	-27,58	1

CALLS SUMMARY				
Nb of calls	Total duration	Total cost	Nb of outgoing	Nb of lost calls
11	00:15:00	0,84	5	4

State	Ext	Status	Name	Firstname	Class	Init amount	Added amount	Remaining amount	Used	Actions
OK	104	OK	Smith	John	0	1,00 + 1,00	1,00	27,58	29,58
